**Q: Can I sign my child up for a class which is above their grade level?**

A: All children are at different learning levels that do not necessarily fall into grades as our classes do. We ask that you sign your children up in the grade level they are currently in and also put them on the waitlist for the higher level class they would like to take. If there is room we would be happy to accommodate your request.

**Q: Can I drop off my kids for co-op classes/events?**

A: No. Each parent is expected to participate in the co-op in some capacity and is responsible for their children while they are participating in co-op classes/events.
